

Helotes Bass Club: Attached are the yearend standings for 2011.

As you know Felix not only did a great job as being our club president but he also carried the club scales to each of our tournaments this year. I'd like to personally thank Felix for his outstanding contributions to the club.

Without his efforts who knows where the club would be today. I'd also like to thank each one of the individuals that helped (you know who you are) at the weigh-ins to make them run in a orderly fashion.

I know we are all looking to have another great year of fishing and hopefully we will have a lot more member participation at both club meetings and tournaments. Good Luck and keep a tight line for 2012.

Year end results for 2011.

**Club Champion:** Bob Buchanan= 294.39 lbs. This is a new club record.

**Ladies Division:** Ngram Ball =62.26 lbs.

**Husband & Wife Division:** Richard & Ngram Ball=165.44 lbs.

**Team Division:** Bob & Ed= 220.75 lbs.

**Juniors:** We had no one in this division fish this year.

**Pee Wee:** Chase Adams fished 2-tournaments this year and had no fish to weigh-in. However everyone should know that he was a real pro and stuck it out with his Grandpa at Choke Canyon for two days in cold and miserable weather without so much as a complaint. He hung in there and continued to fish hoping to get that one big bass to bite.

**Big Bass:** Charles Parchman= 12.83 lbs. This is a new club record

**Open Division:**

- 1) Bob Buchanan: 294.39
